

FSG 527 PRODUCT BENEFITS

FSG 527 alfalfa with its superior combination of high forage yield potential, very fast recovery after cutting, superb forage quality and stand persistence is ideal for commercial hay growers or dairy producers using an intensive cutting management schedule for areas with longer growing seasons. FSG 527 is adapted to all areas where fall dormancy 4 and 5 alfalfa varieties are planted.

- High forage yield potential
- Superb forage quality
- High multifoliate leaf expression
- Very fast recovery after cutting
- Excellent winter hardiness and stand persistence
- Superior disease and pest resistance

Resistance Ratings	
Fusarium Wilt	Highly Resistant
Fusarium Wilt	Highly Resistant
Verticillium Wilt	Highly Resistant
Aphanomyces Race I	Highly Resistant
Aphanomyces Race II	Resistant
Anthrachnose Race I	Highly Resistant
Phytophthora Root Rot	Highly Resistant
Spotted Alfalfa Aphid	Resistant
